A tradition of craftsmanship

We are an independent family business and pride ourselves on offering a personal, professional service, quality and value. Since 1986 we have designed and produced beautiful handcrafted memorials at our factory using the traditional skills and techniques of the stonemasons art which have been handed down through our family for over 60 years.

We understand that choosing a memorial tribute for a loved one is a difficult and very personal decision and our aim is to make the process as simple as possible for you. Our brochure is designed to be as informative as possible, however if you have any questions or require assistance at any time, please do not hesitate to contact us and we will be pleased to help.

A lasting tribute

The range of memorials shown within our brochure are from our own exclusive range, with all design elements completely interchangeable. For example all lawn type memorials can be made with any kerb surround. We use only the finest materials sourced from the UK and all over the world, including quality granites in various colours, Italian white marble, Portland and Nabresina stone. Each memorial is individually made to your requirements and in the material of your choice. Should you not see exactly what you have in mind, we can assist you in designing a bespoke memorial, incorporating ideas of your own. This service is provided at no additional cost.
